

Important Update: Security at Diho Square

Dear Tenants:

We have acted on your suggestions and have:

- Doubled onsite officers in peak hours for the high crime seasons: month of August; Thanksgiving; month of December; and Chinese New Year (started Mon Aug 7).
- Introduced SEAL on-site golf cart every day (started Mon Aug 7);
- Introduced SEAL on-site vehicle every afternoon to evening (started Mon Aug 7);
- Introduced a guard house where officer can have vantage points on both sides of the parking lots and all 4 entrances (started Mon Aug 7);
- Installed a LIVE autonomous monitoring system in the parking lot serviced by SEAL and Zaladium Security Services (started Thurs July 27).

Above are in addition to our 50+ high-def camera surveillance system and onsite Houston Police Department storefront.

As these are new shifts and working with vehicles, we asked that you be patient with us as we work with SEAL to fine-tune the daily operations. Should you have further input, please let me know.

Last but not least....

Help us stop crimes before it happens. Immediately call SEAL at (281) 407-0801 when seeing any suspicious person or activity. Simply tell the dispatch officer the address where the suspicious vehicle or person is. Below is a useful picture of the exact addresses to direct the officer to the potential crime scene:

With your help guiding onsite officers who can arrive rapidly in golf cart/car, we can effectively prevent crime.

Thank you,
Beatrice Wong.
